

# BLOOM® SPRINGS

Comfort Layer

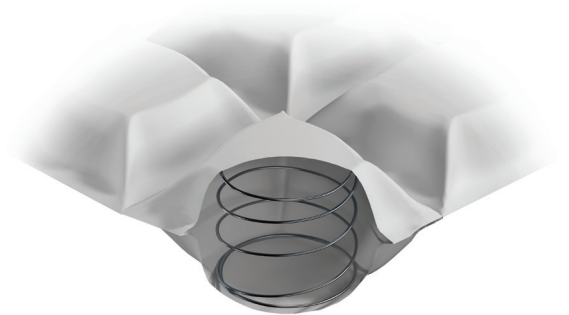

*Leggett & Platt®*

BeddingComponents-Intl.com

Bloom® is an innovative smart-response spring comfort layer with recovery characteristics that deliver pressure-relieving comfort and a unique, highly distinctive feel.

- **Innovative Comfort** – Multi-layer performance fabric and proprietary integration technology combine to create an innerspring-infused premium comfort solution.
- **Consistency** – Gentle initial feel that helps to evenly distribute weight across the mattress.
- **Responsive Support** – Absorbs and dissipates pressure as weight is applied to the sleeping surface.
- **Designed to Perform** – One of the most comfortable, non-upholstered innerspring solutions on the market.
- **Quality Steel** – Leggett & Platt draws its own wire to ensure quality-controlled steel in every spring.
