

Bonnell innerspring systems, the mainstay of the industry, are manufactured using high-speed computer-controlled technology, and offer unbeatable consistency, stability, strength, and durability.

- **Performance** – Bonnell open-coil innersprings make a versatile, supportive, and highly resilient sleep surface.
- **Variety** – Available in a wide range of heights, specifications, and a full complement of sizes.
- **Stress-Relieved Wire** – Holds its shape and creates a more durable and consistent innerspring.
- **Quality Steel** – Leggett & Platt draws its own wire to ensure quality-controlled steel in every coil.
