

SoftTouch® premium-quality pocketed innersprings have a highly distinctive appearance and an elegant, responsive feel – delivering a high degree of comfort with reassuring support.

- **SoftTouch® Comfort** – Designed to provide initial softness that becomes progressively firmer as increased pressure is applied.
- **Responsive Support** – Helps reduce partner disturbance and is highly receptive to individual body shapes and sleep patterns.
- **Progressive Performance** – Signature variable-rate geometry gives these springs their unique shape and distinct performance.
- **Stress-Relieved Wire** – Holds its shape and provides greater durability and performance consistency.
- **Quality Steel** – Leggett & Platt draws its own wire to ensure quality-controlled steel in every spring.

SoftTouch® variable-rate geometry pocket springs
